& Creating Possibilities

CORPORATE PARTNERSHIP GUIDE

HELP US CHANGE LIVES

From hunger initiatives to housing and safe after-school programs, UWEC can help you invest your dollars in life-changing ways across a spectrum of important social challenges.

UWEC understands the community's needs and has the partnerships, expertise, and strategies in place to maximize resources and deliver proven results. When your company stands with us, that means we can leverage resources effectively to create positive, lasting change for an even greater number of people in our community.

Run a United Way Campaign

Help your employees learn about community needs and services by inviting UWEC into your workplace. A United Way campaign offers your employees the benefit of easily supporting their local community by making an annual gift that can be paid in small increments through payroll deduction or online giving. Every employee can feel like a philanthropist...and enjoy the satisfaction that their investment – large or small – will have the greatest impact on the local community.

Corporate Gift

With so many good causes out there, it can be difficult to know if your dollars are making a difference. UWEC takes the guesswork out of it for you. By partnering with United Way through a corporate gift or corporate matching program, you are investing in multiple local nonprofits that have been vetted and measurable programs that address the region's most critical needs.

In-Kind

By offering discounted services or donating material goods, you'll help United Way Emerald Coast focus more of our financial resources on expanding our impact in the community. Whether it's office furniture, books, or helping them save on an event rental fee, you can help local agencies thrive.

Sponsor an Event

UWEC events are a great way to get involved, make connections, and demonstrate your organization's commitment to the community. There are several ways to promote your brand through our annual events, socials, and special initiatives - with partnerships starting as low as \$250.

Individual Volunteerism

UWEC offers a wide range of meaningful volunteer projects and can connect your teammates with opportunities at 64+ Nonprofit Partner Agencies. Whether they're looking for one-time or ongoing, in-person or virtual, we'll make it easy to create an important, lasting, and positive impact on our community. Consider offering Volunteer Time Off as part of your company's comprehensive benefits package!

Group Volunteerism

UWEC is here to help make your team-building volunteer opportunity one to remember. Join us for Day of Caring in April or let us customize an activity that meets your goals. You can clean up a beach, paint a trail at a local park, read to children, we can even bring a project to your office - the opportunities are endless.

Skills-Based Volunteerism

We would love to leverage your unique professional skills and talents to assist UWEC and other nonprofit organizations. We may be able to connect you with a seat on a volunteer committee or Board of Directors, or perhaps you can provide a training in your area of expertise for UWEC, our nonprofit partners, or their clients!

Host a Collection Drive

Collection drives help prepare students for school, help stock local pantries, or provide hygiene products to people experiencing homelessness.

By leveraging our strong relationships with the local non-profit community, UWEC can help you and your team plan volunteer projects that benefit everyone involved.

We have trained staff to help companies of all sizes develop or enhance their corporate citizenship initiatives by coordinating and implementing projects from start to finish.
