Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Okaloosa/Walton Counties, Inc. as of June 30, 2018, and the changes in its net assets and its cash flows for the period January 1, 2017 through June 30, 2018, in accordance with accounting principles generally accepted in the United States of America.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DESCRIPTION OF THE ORGANIZATION

Description of Organization

The United Way of Okaloosa/Walton Counties, Inc. (the Organization) was incorporated on March 26, 1957, under the laws of the State of Florida to assess, develop, and promote needed human service programs in Okaloosa and Walton Counties of Florida.

The major program of the United Way is conducting a fundraising campaign each year and distributing those funds according to both donor designations and allocations of undesignated contributions as approved by the Board of Directors.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Codification Standards for not-for-profit entities. Under the Codification Standards, the Organization is required to report information regarding its financial position and activities according to three classes of net assets as follows:

<u>Unrestricted net assets</u> – net assets not restricted by donors, or donor-imposed restrictions have expired.

<u>Temporarily restricted net assets</u> – net assets which contain donor-imposed restrictions that require the Organization to use or expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of the Organization.

<u>Permanently restricted net assets</u> – net assets which contain donor-imposed restrictions that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. The Organization does not have any permanently restricted net assets as of June 30, 2018.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid financial instruments with an original maturity of three months or less on the date of purchase to be cash equivalents.

Certificates of Deposit

Certificates of deposit at recorded at cost plus accrued interest.

Receivables

Receivables consist primarily of pledged funds to be received from fundraising campaigns and State of Florida contracts. An allowance for doubtful accounts for campaign funds is calculated based on prior collection experience.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DESCRIPTION OF THE ORGANIZATION - CONTINUED

Expense Allocation

The costs of providing the various programs and other activities have been detailed in the statement of functional expenses and summarized on a functional basis in the statement of activities. Expenses directly related to a program or supporting services are charged to that program or supporting service. Indirect expenses are allocated between program services and supporting services based on labor hours or square footage.

Expense allocation utilized during the year, is as follows:

	Alloc	Allocation			
	Labor	Labor Footage			
Program services	60%	70%			
Management and general	14%	15%			
Fundraising	26%	15%			

Property and Equipment

The Organization capitalizes all expenditures for land, buildings, and equipment in excess of \$500. Donated assets are recorded at fair market value at the date of donation. Depreciation of building and equipment is computed using straight-line depreciation over the estimated useful lives of the assets, which range from five to 40 years.

Gifts of land, buildings, and equipment are presented as unrestricted support unless explicit donor stipulations specify the donated assets' use. Gifts of long-lived assets, with explicit restrictions as to their use and gifts of cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. The Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service (as the assets are used in the Organization's activities).

Donated Materials, Equipment, and Service

Donated materials and equipment are reflected as contributions in the accompanying statements at their estimated values at the date of receipt.

In addition, a substantial number of volunteers have donated significant amounts of their time in the Organization's program services and in its fundraising campaigns. However, no amounts have been reflected in the financial statements because these services do not meet the specialized skills definition of the FASB Codification Standards for not-for-profit entities.

Donor Designations

Some donors designate the specific agency that is to receive their contributions. These donor designations are presented as an offset to contributions received and program services in the statement of activities. The amounts that have not been remitted to the designated agency at year-end are presented as a liability in the statement of financial position.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DESCRIPTION OF THE ORGANIZATION - CONTINUED

Contributions

Contributions are recognized as revenues in the period in which they are pledged. Donor restricted contributions are classified as unrestricted revenues if the restrictions are met in the same reporting period in which the contributions are received.

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net asset released from restrictions.

Fundraising

Fundraising expenses are considered an expense in the year incurred and, accordingly, are charged to operations on a current basis.

Income Taxes

The Organization has been granted an exemption from income taxes under Internal Revenue Code, Section 501(c)(3) as a not-for-profit corporation. The Organization is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with generally accepted accounting principles.

The Organization's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Organization has evaluated events and transactions that occurred between June 30, 2018, and November 13, 2018, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

The Organization also sponsors a tax deferred 403(b) retirement plan for eligible employees.
